By my signature below, I certify that the information provided in this Application is true, correct, and accurate to the best of my knowledge. I further certify that I will comply with the Authority's Ground Transportation operating procedures as may be amended from time to time and report to the Authority any changes to my vehicle fleet, insurance, or any other changes that may result in modifications to this Application, for example, if my ground transportation business is dissolved, sold, transferred or changed in any way.

As amended, the Airport Rules and Regulations contained in Lee County Ordinance No. 94-09 must be adhered to. As per Sections 2.01 and 3.01, any fees or charges will be paid by my company, and my company will comply with all current or revised future regulations. If access control is required to access the Commercial Ground Transportation Staging Area, the vehicle access control device will be obtained at my company's expense. I also certify that all company representatives operating at the Airport will be registered and approved to operate a commercial vehicle.

Any violation of Lee County Ordinance No. 94-09, as amended, or the approved Authority Ground Transportation Policy may result in termination without renewal of all permits. Lee County Ordinance No. 94-09, as amended, Section 9 prohibits "cruising" for solicitation. I acknowledge that I understand and will inform all drivers that any activity on airport property without a prior reservation may be determined to be "cruising" and, therefore, may result in a violation of said Ordinance.

Insurance must continuously cover at or above the stated minimum all activities on airport property and any resulting trip regardless of the vehicle operator or purpose of said trip. Failure to maintain insurance will result in the termination of all permits. The permit holder/vehicle owner shall be responsible for any activities the permitted vehicle performs.

I understand that Operator Permits remain the property of the Authority, are not transferable to other vehicles, or another company or a subsidiary company, and that all privileges granted thereunder may be revoked at any time with due cause and that Operator Permits expire annually on September 30th. I agree to pay a \$10.00 processing fee for any Operator Permits lost, stolen, or damaged or if an Operator Permit is returned to the Authority postage due via the United States Postal Service. Any attempt to elude enforcement of Lee County Ordinances, Authority Policy, or procedures may result in termination of permit.

Notwithstanding the insurance requirements recited above, by applying for this permit Operator agrees to release, indemnify, defend, and hold harmless Lee County, the Lee County Port Authority, and their respective commissioners, officers, agents, and employees from any injury, loss, damage, claim, demand, liability or cause of action of every kind or character, whether in law or equity, because of any death, injury or damage to any person or persons or damage or destruction to property or loss of use thereof, whether it be the person or property of Operator, its agents, or employees, or any third persons, from any cause or causes whatsoever arising from operations under this permit. Coverage shall be primary and non-contributory to any insurance held by Lee County Port Authority. The minimum insurance limit requirements stated in the Operator Permit listed should in no way reduce the benefits should the policy afford higher coverage.
